Project

Demonstration showcase available at Springfield facility.= with an inventory of communication, sensory, education, home management, personal care and recreation devices.

Low Interest Loan Project

Low-interest loans available if: must live in Illinois; have a disability or have family member who is disabled and you could improve your life by having the technology. Loans are available even if you are not eligible for a traditional bank loan due to bad credit or a bad credit history due to your disability.

Loans would include: hearing aids, assistive listening devices, computers & software, Braille equipment, closed circuit televisions, low vision aids, environmental control units, manual and motorized wheelchairs, home modifications or motor vehicle modifications.
